Invitation for the;

2015 BMX EUROPEAN CHAMPIONSHIPS
FCC Wheels Erp Netherlands
9 till 12 July 2015

Introduction...

BMX club FCC Wheels Erp is proud to organize the BMX European Championships for you.

Since only 2 years we are active on our new track in Erp, where three associations use the accommodation "de Bolle Akker". Our new track was designed and built by BMX riders for BMX riders. As a result, we have built one of the best tracks in the Netherlands with international allure. Spacious, fast and technical. While there is no 8 metre start hill for worldcups, we have a 5 metre high starting hill which guarantees explosive starts

and high speeds. The starting hill is suitable for both the Challenge and Championship classes. For the latter class a challenging pro-section is available. An enthusiastic board and competition commission have been able to organize a successful TOP league game in 2014. Therefore we are prepared for the European Championship. They have done everything too organise a beautiful event for you. We wish all participants, parents and visitors a pleasant and sporty stay in our accommodation in Erp.

President FCC Wheels
Toon Hanegraaf

Welcome to athletes, coaches, supporters and fans.

On behalf of the municipality of Veghel, I wish you all a lot of success and pleasure in the final round of the European Championships BMX 2015.

Our local FCC Wheels association and its many volunteers work diligently in order to deliver you all a wonderful and professional EK.

In the organization I see the enthusiasm, and recognize in it the entrepreneurial, cooperative and socially involved character that is so characteristic of Veghel.

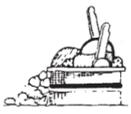

Ina Adema

Veghel makes it work. And so also do FCC Wheels. In 2012 the association opened its new accommodation with EK-worthy championship track. Since then they organized two national top competition games. The fact that they are now even responsible for the final round of the European Championships is a great compliment which shows a lot of confidence in the organization.

In the next few days we can be sure of a lot of passion and sporting spirit. We wish you a fantastic European Championship and a pleasant time in our beautiful Erp.

Turn it on!

The mayor of the municipality of Veghel,

Introduction

Erp, and its **BMX Club** “FCC Wheels” are very proud to welcome you at the European Championship BMX Racing. Our enthusiastically BMX Club celebrates it’s 35th anniversary. We started out in Veghel and we have moved to our new location in Erp 2 years ago. Our BMX Club has 130 members.

About Erp

Erp is a relatively small village in the municipality of Veghel and has about 5.000 inhabitants. Up till 1994 Erp was an independent municipality with it’s own town hall. The monumental building, dated around 1780 BC, is nowadays a library and also accommodates the “Heemkundekring”, a society for regional geography and history. Situated at the edge of the town square, across the town hall, there is a Roman Catholic Church. The church was built in 1844 BC in neo-classical style. The history of Erp goes back as far as the 14th century.

In the region Erp is known for it’s local associations and their supply of sports activities. Good examples are the women’s Korfbal club who have won several National Titles and the Lady Equestrian Anky van Grunsven who has won several Olympic Medals with her horses “Bonfire” and “Salinero”.
